

*KURE BEACH
BEAUTIFICATION MEETING
JULY 25, 2007*

The special meeting of the Committee was called to order at 4:30 PM. The following were in attendance:

*Barry Nelder, Chair
Tony Gonsalves
Herb Wiebe*

*Priscilla Smith, Secretary
Ken Withrow
Anne Lyons*

Also attending the meeting were:

*Chuck Keener
Bill Ufferman*

*James Dugan
Gary Cox*

The meeting was called to review the changes in the overall plan for the final application for the CAMA grant to upgrade Atlantic Avenue.

Ken Withrow, along with Candice Clark, worked on the plans for this project. Their final proposal shows that the road will remain as it is, and the boardwalk will follow the line of the roadway. The walk will be six (6) feet wide, which is allowed by CAMA. The crossovers will be revamped to match. At this time, there will be no bike path. There will be benches at each crossover but none on the walkway itself. John Sawyer Architects will put this project out for bids.

Barry Nelder made a motion to approve the revised plans; this was seconded by Priscilla Smith and unanimously approved by all members.

The Committee thanked Ken for all the work he and Candice did on this project.

The meeting was adjourned at 5:00 PM. The next scheduled meeting will be August 13, 2007 at 4:30 PM in the Town Hall.

Respectfully submitted:

Priscilla Smith
