Old Business

Adopt-a-Beach

No update

Revised SLABP Brochure

David will speak with Nancy Avery regarding placing the order.

Beach Booster

Ed agreed to present a proposal to the Town Council at either the Jan or Feb Town Council Meeting. He will prepare a short presentation. Dennis will ask Southern Signs to prepare a draft of a sign based on Ed's mock up.

Ocean Beach Project

David gave a summary of the first meeting of the volunteers. It was proposed to schedule the program on Sundays from the 2nd week of June through the second week of August. A proposal will be prepared for presentation to the Town Council for approval. The committee will seek input from the Police Chief and Fire Chief prior to presenting to the Town Council. It was stressed that "Beach Ambassadors" are going to be educators and not beach regulation enforcement.

New Business

KB App

The committee discussed the pros and cons of a Kure Beach App. Most Committee members felt that a limited Facebook page would be preferable though the committee was not well informed on the process or costs of designing and implementing an App. It was generally felt that it would be less expensive and easier to maintain than an App. Ability to rapidly update and ease of use were deemed to be the most

important attributes in an emergency situation. It was mentioned that not all Kure Beach residents have even signed up for the Towns email distribution and there was concern that it was not likely that an App would be widely downloaded.

David has volunteered to work directly with Joseph on this project.

Meeting was adjourned at 6:00PM

Respectfully submitted,

Dennis Panicali
Chairman
