

Stormwater Committee Meeting

MINUTES May 8, 2007

Meeting was brought to order by Chairman Eric Vann. In attendance were Karen Vattr, Ted Gragg and Mac Montgomery.

The committee went through the revised Universal Stormwater Management Plan(Post Construction Ordinance) and made additional changes to eliminate non applicable portions and include references to Town Council, Board of Adjustments etc. The group recommended that the ordinance have a 5000 sq. ft. threshold and an effective date of 9/1/2007.

A motion was made by Eric Vann to present the revised proposal to Town Council at their next meeting on 5/15/2007. Motion carried unanimously.

Karen Vattr recommended we invite Mike Giles, The Cape Fear Coastkeeper, to an upcoming meeting as he is been working with developers on Low Impact Stormwater controls. It was agreed he would be invited to a future meeting.

Karen also informed the group that she would be having surgery next week and will not be active with the committee until she has recuperated. Please keep Karen in your thoughts and prayers for a speedy recovery.

Meeting was adjourned with next meeting set for 6/12/2007.
