Waste Management	Questions for WM – Clear up confusion of what is recyclable? <ul style="list-style-type: none"> • Publicize Plastics #1-#7 convenient for residents (although there may not be a market for all, especially #6 PS and some #7) • NO PLASTIC BAGS, NO STYROFOAM • Residents, realtors (focus group to target education), vacation rentals, motels, condos, newsletter, new residents, school children in town, businesses (town does not provide recycling for businesses in town) • Create information (mailing with #10 env?) • NA explained we are ready to reevaluate contract with WM and will also get a quote from WI • NA said SB is on board to ask the town to supply larger recycle containers - ? 65 gallon rollouts to be picked up weekly or 95 gallon to be picked up every other week? 	WM to send design and we will go from there	
Website	The KB website created by CV is mostly information borrowed from town website along with some personal pictures. It was decided to thank her for her project but we will not use it. However, we can increase our visibility by adding links to WM information and other to our town website.	ML will send thank you note.
